VI—VIII	773	203	976

There has been a shortfall of 6.06.percent in achievement to target in upper-' primary classes, The target inprary classes has been overachieved;

(c) The main reasons for shortfall in enrolment at upper-primary stage are:

(i) 'socio-economic factors;

(it) inadequately provided schools and inefficient teaching in schools:

(iii) perception of the curriculum not being related" to local needs;

(iv) indifference of parents toward-; education of children particularly girls;

(v) indifference of particularly first generation learners leading to non-utili-sation . of educational facility where available. ,

(d) The National Policy on Education. 1986 emphasises (i) universal enrolment and universal retention of children upto 14 years of age, and (ii) a substantial im provement in the quality of education. The Policy resolves that the problem of children dropping out of schools will receive the highest priority and the Gov ernment will adopt an any of meticul ously formulated strategies based on 'mi cro-planning, and applied at the grass-roots level all over the country, to ensure re tention of children in schools. Apart from the new initiatives and strengthening of existing arrangements by the State Gov ernments, as primarily they look after school education the Government of India is taking some new initiatives includ ing 'Operation Blackboard' to make avail able essential facilities in all Primary schools, strengthening and reorganisation of Non-formal education. setting of ' DIETs and srengthening of Teacher Training arrangements and implementation of Core Curriculum. All these measures together are .expected to lead to desired increase in enrolment and reduction in dropout rates.
